

6th International Conference on Signal and Image Processing (SIGPRO 2020)

October 24-25, 2020, Sydney, Australia

Call for Participation

We invite you to join us in **Sydney, Australia** on **October 24-25, 2020** for **6th International Conference on Signal and Image Processing (SIGPRO 2020)**

The Conference is a forum for presenting new advances and research results in the fields of Digital Image Processing. The conference will bring together leading researchers, engineers and scientists in the domain of interest from around the world. The scope of the conference covers all theoretical and practical aspects of the Signal, Image Processing & Pattern Recognition. Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences.

Highlights of SIGPRO 2020 include:

- Invited talk from eminent Professors
- 6th International Conference on Computer Science, Engineering and Information Technology (CSITY 2020)
- 7th International Conference on Information Technology, Control, Chaos, Modeling and Applications (ITCCMA 2020)
- 6th International Conference on Artificial Intelligence and Fuzzy Logic Systems (AIFZ 2020)
- 6th International Conference on Networks & Communications (NWCOM 2020)
- 6th International Conference on DataMining (DTMN 2020)
- International Conference on Machine Learning Techniques and NLP (MLNLP 2020)
- International Conference on Big Data & IOT (BDIoT 2020)
- International Conference on Cloud Computing, Security and Blockchain (CLSB 2020)
- International Conference on Advances in Software Engineering (ASOFT 2020)
